LOCAL Express Delivery CATALOG

Keim

BUILT ON TRUST, SINCE 1911

We hope by now you're aware of our Local Express, in-home delivery service. This catalog should serve you through the fall and winter, you can expect a new catalog next spring. We hand-select products with you in mind, to bring you everyday household items and gift ideas for the holidays.

Our goal for this service is to please you with a simple process and simple delivery, so that you can focus on the more important things in life.

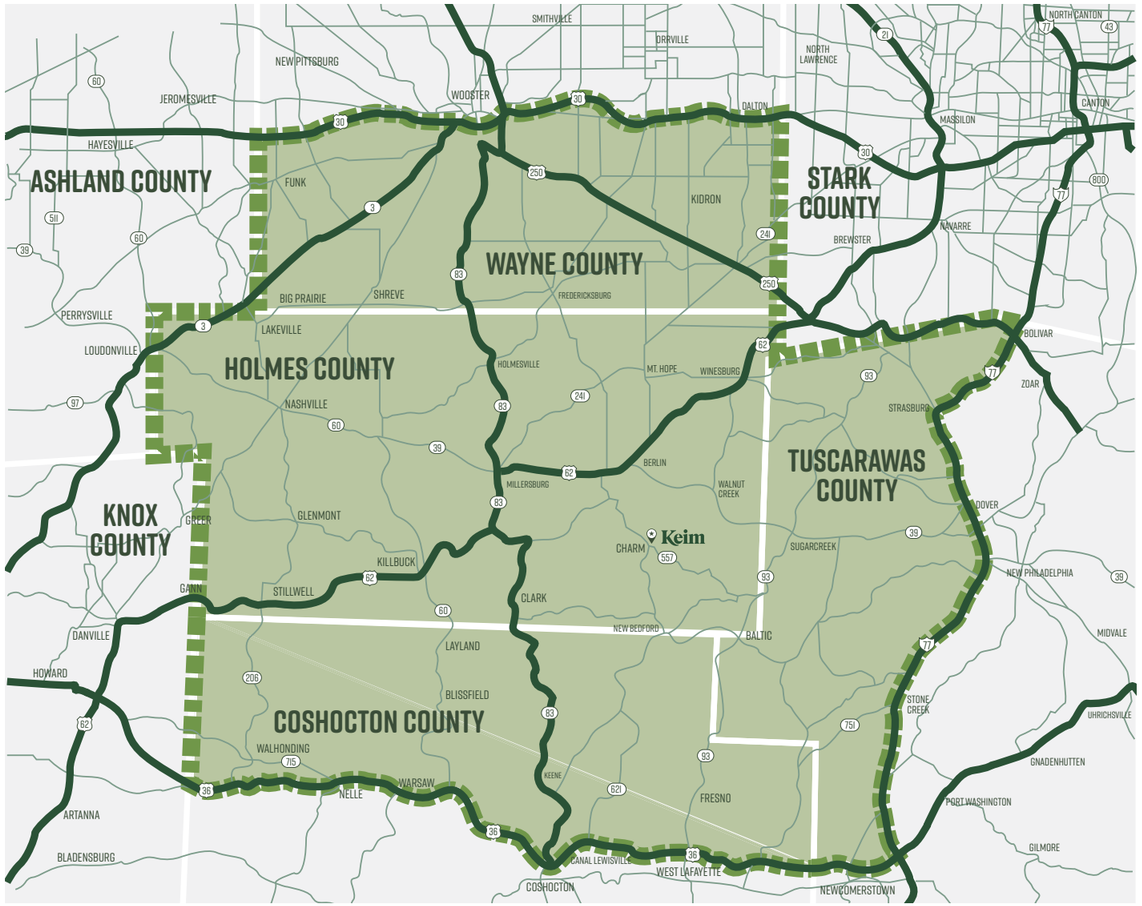

Sāg Dank,

Abe Troyer, Executive Director of Sales

We are committed to free, next-day delivery on all in-stock items for local customers defined in the map below.

To make your phone order as easy as possible, please follow these steps while ordering:

1. Call **330.893.5030** to place your order.
2. When you place your order with a salesperson, it's helpful to have this information:
   a. Your product list. We organize products by **SKU number**, so be sure to have that information nearby.
   b. Your **credit or debit card.**
   c. Your **shipping address.**

If you would like to pick up your order, please schedule a time with us. When you arrive, pull around to the service building on the west (left) side of the store. Just look for the stop sign!

Looking for something that's not in the catalog? Ask our salesperson. Our catalog keeps growing but it still shows a limited selection of what's available in our store. We're happy to check on your item's availability!

APPLESAUCE CAKE RECIPE: A KEIM FAMILY FAVORITE

Cake Ingredients:

- 2¾ c. flour
- 2 c. sugar
- 1½ tsp. soda
- ½ tsp. salt
- 1 tsp. cinnamon
- ½ tsp. cloves
- ½ tsp. allspice
- ½ c. shortening
- ⅓ c. water
- 1½ c. applesauce
- 1 egg

Sift dry ingredients together. Add the remaining items and cream well. Bake at 325° for 45 minutes to an hour, or until toothpick comes out clean. We enjoy cream cheese or caramel icing on top.

Caramel icing ingredients:

- ½ c. butter
- 1 c. brown sugar
- ¼ c. milk
- 1 ¾ to 2 c. sift powdered sugar

Melt butter and add brown sugar. Cook over low heat, stirring constantly for 2 minutes. Add milk. Stir until the mixture boils. Remove from heat and add powered sugar, beating well until you have the right consistency to spread on the cake. This is enough for a large cake.

PRO TIP:
Suction between a trash bag and the container can make it hard to remove. To prevent this, drill holes in the plastic trash can. The next time you take out the trash, you can do it with ease.

HOT HONEY APPLE TEA

With cooler weather on it's way, this fall tea is both comforting and delicious.

Ingredients:

- 2 large lemons
- ⅓ cup honey
- 2½ cups water, divided
- 1½ cups unsweetened apple juice
- 1 Family-sized black tea bag

Directions

Using a vegetable peeler, remove the zest from one of the lemons in long strips; reserve the rest of the lemon for another use. Use the second lemon to slice for garnish. Set aside.

Prepare citrus syrup: Add the lemon zest, honey, and ½ cup water to a small saucepot. Stir and heat until the honey melts. Set aside to steep for 20 minutes. Using a fine mesh strainer, strain and discard the solids.

In a medium pot, bring the remaining 2 cups water, apple juice, and citrus syrup to a boil. Add the tea bag, remove from heat, cover and allow to steep for 10 minutes. Remove and discard the tea bag. Serve warm in teacups. Garnish with lemon twists or slices, if desired.

SLIME RECIPE

Ingredients:

- 2 - 4 oz bottles of regular white glue Elmer’s glue *SKU 973327*
- 1 teaspoon Borax
- ½ cup of water and
- 1 cup of water
- Food coloring

Instructions:

1. Empty the entire bottle of white glue into a bowl.
2. Add food coloring (the more you add, the deeper color it will be).
3. Fill the empty glue bottle with water. Shake it up to try to get some of the leftover glue out. Pour the water into the bowl.
4. Stir the mixture until it’s smooth.
5. Add more food coloring and stir again if you want a deeper color.
6. Dissolve 1 teaspoon of Borax in ½ cup of warm water. If you have trouble getting it to dissolve, put the mixture in the microwave for 20 seconds at a time and stir until it’s dissolved.
7. Stir the entire Borax mixture into the glue mixture. It will almost instantly get stringy and turn into slime!
8. Knead the rest by hand until all the water is absorbed.
9. Store in a large freezer bag when you are done playing with it!

SMOKED TURKEY RECIPE

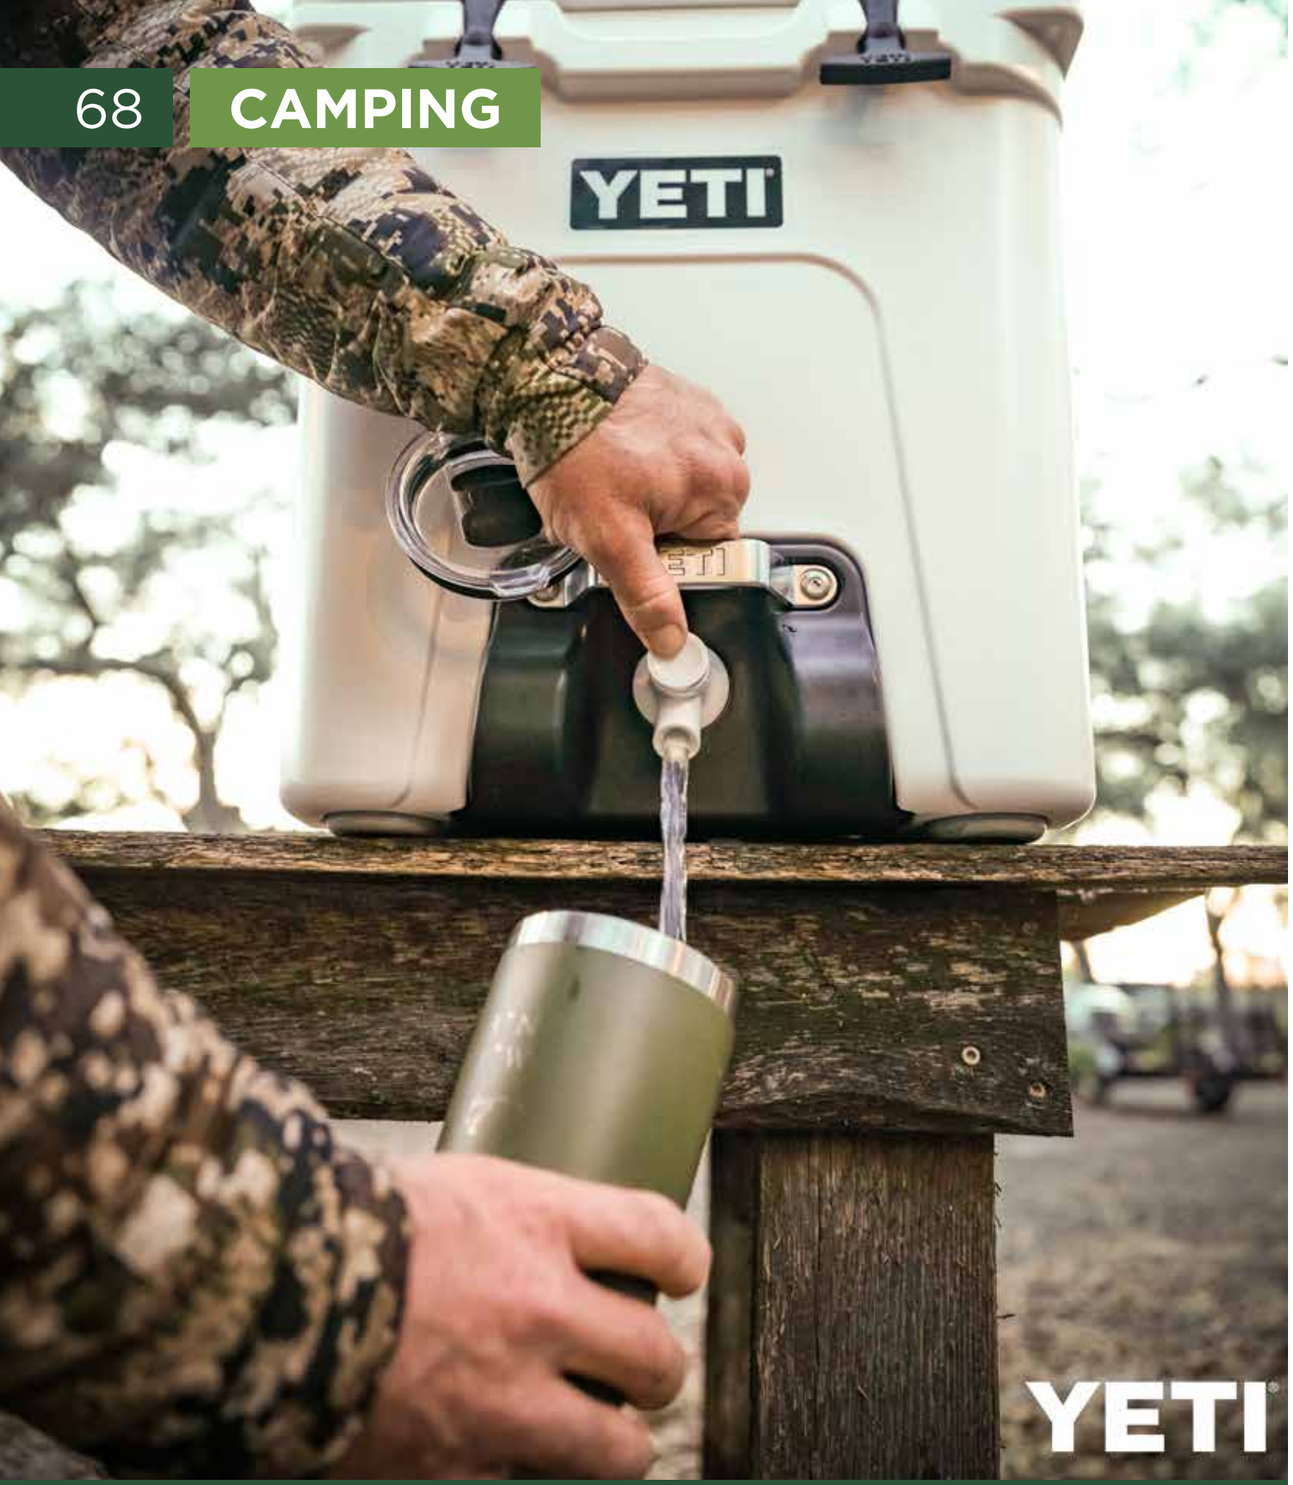

Ingredients:

- 1 (12-16 lb) fresh or frozen turkey, thawed, giblets removed
- 1 Cup Traeger Rub
- 1½ Tablespoon minced garlic
- 1 Cup sugar
- ½ Cup Worcestershire sauce
- 2 Tablespoon canola oil

Instructions:

1. Ensure the turkey is fully thawed and remove any giblets. Pour 3 gallons of water in a 5 gallon non-metal bucket.
2. Add Traeger rub, garlic, sugar, and Worcestershire sauce and mix until sugars are completely dissolved.
3. Place the turkey, breast side down, into the bucket with the brine. Make sure the turkey is completely submerged.
4. Cover bucket and place in refrigerator overnight.
5. Remove turkey from brine and pat dry. Rub canola oil over entire outside of turkey and place breast side up into disposable aluminum roasting pan.
6. When ready to cook, set temperature to 225˚F and preheat, lid closed for 15 minutes. For optimal flavor, use Super Smoke if available.
7. Place the turkey on the grill and smoke for 2½ to 3 hours.
8. Increase grill temperature to 350° and cook for 3-1/2 to 4 hours, or until the internal temperature reaches 165° in the thickest part of the breast.
9. Remove from grill and allow to rest for 30 minutes before carving. Enjoy!

THREE STEPS TO A COZY FIREPLACE MANTEL.

1. Find a focal point: a large clock, a wreath, a photo.
2. Add items of varying height on each side: picture frames, vases, lamps, etc.
3. Add a touch of seasonal greenery.
4. When in doubt, keep it simple.

FIRST QUALITY CORKS

Our first quality corks are a high quality, agglomerated cork. These "agglo" corks are made from uniform shavings and unused portions of cork, and are mixed with appropriate food grade glue to form a dense, well-made cork. The corks are chamfered and are printed with a decorative grape leave pattern. The 1000 count bags are purged with sulfur dioxide (SO2).

AGLICA CORKS

Developed for the wine industry to address corkiness, inconsistency, random oxidation, and leakage, these corks are made from Suberin, the purest part of the cork, that is blended with a proprietary polymer which enhances the natural elasticity and sealing properties of the cork. The corks are symmetrical and totally natural in appearance. They are ideally suited for use with wines that are intended for enjoyment 12-18 months after bottling. Bottles can be put on their side immediately after corking.
