A note from Fannie...

Welcome to Volume VIII of our Local Express Delivery Catalog. Spring is here... the birds are singing and the flowers are starting to bloom. Call us for your outdoor needs from potting soil and mulch, to grass seed and fertilizer for your lawn. And then, there's spring cleaning.... What a satisfying feeling to open those windows for some fresh air to kick off a deep cleaning for your home. For your cleaning needs, try our new (plant based and planet friendly) Rebel Green cleaners and detergents.

Wedding season is coming up and it's a busy time for everyone! Let us make it easier for you with our delivery service. We'll save you the hassle of taking those bulky packages to the wedding by having your gift delivered straight to the wedding location. Don't have time for gift wrapping? We have you covered. Let us know you'd like your gift wrapped when you place your order and we will take care of the wrapping before its delivered.

We now offer a Loyalty Rewards Program to you, our loyal customer. If you want to learn more about it, give me a call and I'll be more than happy to tell you all about the benefits you can receive.

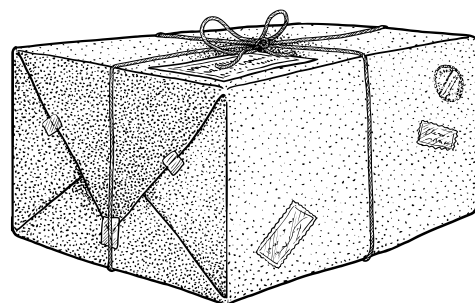

As we head into the summer months take a lesson from the flowers and Bloom Where You Are Planted! Remember to enjoy the little things in life. Campfires, sunsets, grilling, and making memories with family and friends. Thank You for trusting Keim Local Express to get you the products you need, when you need them.

LEM BACKWOODS SOY PROTEIN SKU 1001150

Soy Protein optimizes the retention of moisture in fresh and cured sausage, which makes it taste better and helps to prevent shrinkage of the sausage. It also acts as a binder, which gives sausage a smooth, moist consistency. For these reasons, it is highly recommended to be used when cooking with leaner meat. It acts as a natural fat substitute yet contains no cholesterol and is high in protein.

\$6.99

LEM BACKWOODS FREE BIND SKU 1001149

GAMBREL WITH HOIST

This weight reducing pulley system allows for single person lifting ability. Features an automatic self-locking device and collapses easily to fit into your hunting bag. Comes with a 22" lightweight gambrel and polypropylene rope that is rot-resistant and twist/tangle-free. System holds 500 pounds.

\$29.99

CELLULOSE CASINGS

Cellulose casings are non- edible. They are used to make skinless sausage. Stuff the casing as normal, cook and remove casing immediately after cooling.

Use the 31mm size for skinless Brats or Hot Dogs; stuffs approximately 25 lbs. The 25mm size is great for breakfast sausage links; stuff approximately 21 lbs.

EDIBLE COLLAGEN CASINGS

Edible Collagen Casings take the place of using natural hog or sheep casings. These beef protein casings can be used for fresh, cured, or smoked sausages. There is no preparation necessary; just put them on your stuffing tube and before you know it, you will have uniformly sized sausages!

*32mm casings are ideal for Brats or Italian sausage.
21mm casings are great for breakfast sausage links.
19mm and 17mm are the ideal size for snack sticks.*

BLACK RIFLE COFFEE COMPANY

**Just Black -
Medium Roast**
— The roast

that started it all. There's dark, light, and there's just right. Our founding roast strikes the perfect balance between the bold and the smooth. This medium roast was developed to be the best drip coffee you'll ever taste! Featuring a cocoa and vanilla aroma, bold tasting notes, and a smooth buttery finish.

Black Beards Delight - Dark Roast — Take to the open seas with Blackbeard's Delight - A 100% Brazilian Arabica brew with dark-roasted flavors that rival the depth of Davy Jones' Locker. Considered a treasure for those who revel in the darker end of the coffee spectrum - this rugged roast offers smoky aromas, nutty and chocolate notes with a fruity finish.

Freedom Roast - Medium Roast — Freedom isn't free. It isn't a safe space. It isn't for the faint of heart. But, it's the American way. Freedom on!

Gunship Roast - Light Roast — Gunship has always soared in its role as a light roast that complements our heavy hitters with floral aromas, light caramel tasting notes, and an ultra-smooth finish. Beyond the coffee itself, the roast has become an icon that celebrates our military heritage at BRCC.

Silencer Smooth- Light Roast — For many, Silencer Smooth stands out from the rest -- in part due to its delightful drinkability. This Colombia Arabica offers a sweet aroma, tasting notes of citrus, caramel, and milk chocolate followed by a distinct crisp finish, complementing many of our punchier medium and dark roasts with its easy drinkability.

Beyond Black - Dark Roast — The color black brings to mind thoughts of power, elegance, and mystery. As a color, it is both frightening yet undeniably compelling. Our core roast, Beyond Black, has long explored our innate curiosity for all things unknown, and our new design brings that sentiment to the forefront.

Flying Elk - Light Roast — Flying Elk is a Washed Arabica grown in the Tarrazu canton of Costa Rica, a region that has produced high-quality coffee since the late 1920s. This light roast comes with a nutty aroma and tasting notes of chocolate, almond, brown sugar, and a hint of nostalgia for those who were able to score a bag of the original Flying Elk.

Five Alarm - Medium Roast — As a medium full-bodied roast with smoky aromas and notes of dark chocolate, molasses, and cherry — Five Alarm is one of our premium coffees that serves the distinct cause of supporting the courageous firefighters working day and night to protect our communities. Your support means firefighters across the nation will no longer have to strip for calendar shoots to make ends meet.

Freedom Fuel - Dark Roast — You've gotta keep that freedom engine running- only the best coffee will do the job! This roast has a dark and bold flavor, coming in at an 8 on our roast scale of 1-10.

Coffee Saves - Medium Roast — Here at BRCC, we truly believe that coffee solves most problems. This smooth medium roast features notes of citrus, a sweet aroma, and ties it up with a clean finish. Black Rifle prescribes Coffee Saves for those suffering caffeine deficiency, and we strongly recommend you get the rest of your medical advice from actual professionals.

Hazelnut - Medium Roast — You can be confident that you're still drinking America's Coffee®, the flavor notes don't overwhelm this bold medium roast.

HELPFUL TIPS

Plumbers recommend swapping out water filters every 3-6 months.

Furnace filters should be changed out at least every 90 days.

WHAT IS THE DIFFERENCE BETWEEN WATER SOFTENER CUBES VS WATER SOFTENER CRYSTALS?

Water Softener Cubes are more effective for households with high water hardness while the crystals may be better for households with lower water hardness.

HOME CENTER

freedomRail®

freedomRail is the most innovative concept in home storage and organization. This high-quality adjustable system provides all the benefits of a custom closet while being easy to install, easy to adjust and easy to upgrade.

Once you experience the amazing ease of a freedomRail installation, you will feel confident to tackle every closet in your home!

EASY TO INSTALL

Using a level and a drill, a novice Do-It-Yourselfer can attach the Rail to the wall. After that, all other components simply lock into place. No complicated instructions – no confusing parts and pieces. You will be astonished at how quickly you can do this!

EASY TO ADJUST

All components are designed for a lifetime of use and re-positioning and the ease of adjusting encourages you to make changes. Reposition shelves to fit a growing child or move pantry shelves to accommodate a large blender. With the flexibility designed into freedomRail, changes are a snap!

EASY TO UPGRADE

Place a Rail in every closet of your home and then choose from a variety of options to customize that storage space. Shelving can be Profile or wood. O-Boxes can be added to any closet for enclosed storage. Now you can make your storage work for you.

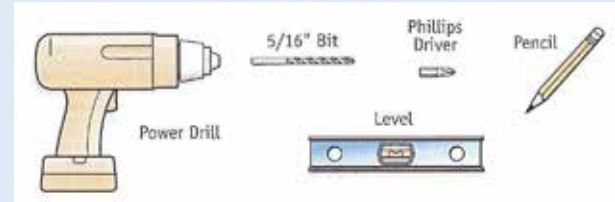

RAILS: The primary support component of the system and the basis for a lifetime of storage freedom!

- Measure wall and subtract 1" to establish Rail length. Allow ½" on either side of Rail.
- You may combine smaller size Rails, or you may cut a long Rail to fit your measurement.
- Patented Anchor system means there is no need to measure or align with stud locations.

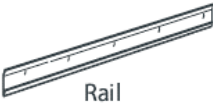

UPRIGHTS: Slotted channels provide a multitude of adjustability options.

- Vertical Options:
78" – maximum flexibility, best long-term choice.
48" – supports 2 rows of short hang.
30" – supports 1 row of long hang.
- Horizontal Spacing:
36" apart for normal closets.
30" apart for pantries.
24" apart for O-Boxes.

INSTALLATION

The Rail

1. Measure up to 84" from the floor. Use a level to draw a level line at this height.
 2. Place the Rail on the wall so this line is visible through the mounting holes. Make a circle at each hole. No need to align hole with studs.
 3. Drill each mounting hole with a 5/16" drill bit. If you do hit studs, use 5/32" drill bit to make a pilot hole. In this case, you will use the Screw only - no Anchor.
 4. Tap plastic Anchors into 5/16" holes.
 5. Place Rails over Anchors, twist in several screws to hold Rail.
 6. Insert and tighten all screws with a power drill.
- IMPORTANT:** Allow screw to turn 6-8 full rotations after it is flush with the Rail so that the Anchor tightens into a ball behind the drywall.
7. Place Cover Stickers over each screw head.

INSTALLATION continued

Uprights and Brackets

1. Insert Uprights onto the Rail at appropriate spacing intervals (refer to Planning Guideline).
2. Insert Brackets into Uprights at appropriate shelf heights (refer to Planning Guidelines).

Rod Clips

1. Rod Clips are placed into brackets prior to installing shelves.
2. Insert Rod Clips into the Bracket and pull downward until you feel it snap into place.

Hanging Rod and Rod Stops

1. Spin the flange on the Rod Stop until it is halfway up threaded shaft.
2. Push Rod Stop into Rod; then twist the Stop until it tightens.
3. Place completed Rods onto Rod Clips. Pull downward until they snap into place.

Shelving (Profile)

1. Lay shelf onto Brackets with center shelf rod positioned atop center bracket notch. (1)
2. Push down on center Shelf rod. Then lift the front edge and slide the Shelf back. (2)
3. Shelves may be cut to fit exact measurements using a pipe cutter; apply End Caps to edges.

Shelving (Wood)

1. Shelf Locators attach Wood Shelves to Wood Shelf Brackets.
2. Place two Shelf Locators into each bracket. Remove double stick tape.
3. Place Shelf onto Bracket in desired position and press adhere to Locators.
4. An optional Screw is provided with Shelf Locators if a fixed connection is desired.

O-Boxes

1. Uprights are spaced 24" apart for O-Boxes. Insert the O-Box bracket into the inside slot of each Upright.
2. If installing a stack of O-Boxes, install bottom O-Box first.
3. If installing O-Boxes side-by-side, each O-Box will use its own set of Uprights.

Keim

LOYALTY REWARDS

KEIM LOYALTY REWARDS PROGRAM

What does it mean to be a Keim Loyalty Rewards member?

You will receive 2.5% back in rewards for every purchase you make at Keim, awarded monthly. You'll also get exclusive updates and access to special promos.

Do large purchases or projects earn rewards?

Yes! You can earn rewards on every purchase, including a major building project.

How do I redeem rewards?

Your Loyalty Rewards account number is displayed on your card. Have this number handy when you want to earn or redeem rewards. Rewards are earned at the end of each month and can be applied toward a future order.

How do I check the balance of my loyalty rewards?

You will receive a quarterly statement with your rewards totals. If you'd like to know your rewards balance in between your statements, give us a call at 330.893.5030!

Do my rewards expire?

Rewards are earned monthly, and the points expire one year from the date they were earned, giving you plenty of time to use your rewards throughout the year!

What kind of products or purchases qualify?

Any purchases at our Home Center or over the phone that are paid for at the time of purchase. This includes delivered orders.

Can all Keim customers earn Keim Loyalty Rewards?

The Loyalty Rewards Program is an exclusive benefit for the retail customer.

PAINTING TIPS

How to prevent paint lap:

Lap marks in paint appear as a deeper color or an increased gloss where wet and dry layers overlap during paint application. Keeping a "wet edge" is the key to avoiding lapping paint. While painting, you need to move quickly enough so, the paint being applied can seamlessly flow into the just-applied paint.

Does the quality of the paintbrush matter?

Good quality brushes are better constructed, hold and release paint better and minimize brush marks.

How can I match the exact color in my house?

Bring in a pillow, fabric, or color chip. We'll find the perfect match with our paint match machine.

HOT STUFF ADHESIVES 2 OZ.

RED - THIN - HOT STUFF

Is ideal for filling and stopping the spread of splits and hairline cracks in furniture, gunstocks, wood being turned on a lathe (such as pen blanks), and stone. To strengthen stone and porous wood, apply Hot Stuff CA glue to the entire surface and allow it to soak into the pores and

cracks- you can also use this instant glue on carbon fiber or fiberglass cloth instead of using resin!

YELLOW - MEDIUM - SUPER-T

This super glue is perfect for gluing somewhat porous materials and pieces which have small gaps between them. Super T instant glue cures at a slower speed (10-25 seconds) than Hot Stuff. You can bond

wood, metal, rubber, nitrile, composites like carbon fiber and Kevlar, many types of plastics, and more.

GREEN - THICK - SPECIAL-T

Special T CA glue (green label). This super glue works great when you use it to bond both porous and non-porous parts, and it can fill larger gaps than our Super T medium CA glue. It is best used to glue parts that are missing pieces or don't fit very well together.

You can bond the same materials as with our other CA glue- wood, metal rubber, nitrile, composites, many types of plastics- and Special T is effective even when a poor fit makes parts look impossible to bond. Cures- 20 second with accelerator or 60 seconds without accelerator.

DID YOU KNOW?

The weather can affect the quality of your spray painting project? It's best to spray paint between 50 and 90 degrees (F) when the humidity is below 85%.

ECOPOXY

No two projects are the same. Create your own one-of-a-kind EcoPoxy creation with our epoxy resins specially formulated for woodworkers and the lumber industry.

Find the right epoxy, whether you need an epoxy coating or a casting resin for any sized project. EcoPoxy has allowed people like you to give new life to wood and objects that used to simply be discarded or deemed unusable. More than that, the pieces you create are beautiful and unique pieces of art. The possibilities are endless, what will you create with EcoPoxy?

UVPOXY

UVPoxy is a professional quality, high-performance epoxy system that's UV stable and produces a high build crystal clear finish. It is an ideal solution for woodworkers, artists, and craftspeople, and is perfect for coating, bonding, and more.

SKU 837615

Wood pellet grill
featuring WiFIRE
technology and a
Pro D2 controller.

WiFIRE technology allows the user to monitor the grill from a smart device simply by downloading the free Traeger app. The Pro D2 controller helps regulate the temperature of the grill accurately. Temperatures can range from smoke to 450 degrees Fahrenheit. TurboTemp feature means a faster temperature recovery after the grill is opened. GrillGuide and Advanced Grilling Logic. Fast start-up gets the grill up to temperature quickly, and a powerful fan provides convection heat so there is no need to flip or constantly check meat. Meat probe checks the internal meat temperature. Includes an extra grill rack for more cooking space, and exterior storage hooks to store it when not in use. Oval barrel shape means the capability to grill taller meat, and taller legs mean no more stooping over the grill. D2 brushless drivetrain in the auger is powerful and feeds pellets faster, resulting in fewer pellet jams. Includes a convenient hopper clean-out door on the back of the hopper with magnet to hook door in place when cleaning the hopper. 2 fixed wheels and 2 locking casters for easy portability.

TIP FROM THE PROS

To get the maximum amount of smoke into your meat, put the meat in the smoker cold. The colder the meat, the better (not frozen). As the internal temperature of the meat increases, the meat will take less smoke.

**RANGER + STAND
FIRE PIT SS**
SKU 18537

It's for camping out a night in the mountains under the stars. It's for warming up on a beach after hitting the waves. And yet, it's right at

home in your own backyard surrounded by your family and friends. Wherever you want to be, Ranger helps you turn good moments into lasting memories. Ranger is the most compact, ultralight fire pit out there that lets you enjoy a roaring, smokeless fire in minutes. Our Signature 360° Airflow Design™ creates a super efficient secondary burn. That means there's way less smoke compared to other fire pits. The best part? Nearly everything burns to a fine ash, making Ranger easy to clean. Comes with a black, nylon carrying case. 15lbs. 15"w x 12.5"h.

\$269.99

**BONFIRE + STAND
FIRE PIT SS**
SKU 18540

Before Bonfire, we used to collect logs, kindle the fire, hope it didn't flame out, and let it burn for 10 hours. Is there a better way?

Congrats, you've discovered Bonfire, our best-selling smokeless portable fire pit. Comes with black, nylon carrying case. 20lbs. 19.5"w x 14"h.

FIRE PITS

Solo Stove is uniquely built to give you a more enjoyable bonfire with less smoke. How? This stainless steel fire pit draws air from holes in the bottom of the container to feed the flame above. The result? More summertime memories of bonfires with less smoke and less ash. What's even better? You can use it on your patio and vinyl decks.

KARU 12 PIZZA
OVEN 15,354 BTU
430 STAINLESS
STEEL PROPANE
GAS BURNER**
SKU 876489

The Ooni Gas Burner attaches right onto the back of Ooni 3 or Ooni Karu 12, for a convenient and easy way to power your oven with gas. Offering the same incredible speed and high heat as using other fuels, use the heat control dial to cook across a range of temperatures. Plus, theres minimal soot or clean-up to worry about thanks to cooking with gas. Ooni Gas Burner comes with 11 WC (28 mbar) regulator including gas hose. For outdoor use only Designed to run on bottled propane gas only Can ONLY be used with the oven door off the oven Designed, tested and approved for use with Ooni 3 and Ooni Karu 12 ovens only While this accessory does physically fit some Ooni pizza oven models, use of the Ooni Gas Burner with other models has not been tested. Ooni therefore cannot guarantee or provide a warranty for using this product with pizza ovens other than Ooni 3 or Ooni Karu 12.

JONATHAN GREEN GREEN-UP 22-0-3 LAWN FERTILIZER WITH CRABGRASS PREVENTER

Crabgrass preventer plus Green-Up lawn fertilizer featuring Dimension Crabgrass Control herbicide. Can

be applied effectively up to 4 weeks later than other crabgrass preventers. Controls crabgrass before and after it germinates. Provides slow-release nitrogen and the nutrients needed for a beautiful green, thick lawn. Environmentally friendly with no phosphorous. Also controls bittergrass, spurge, chickweed, henbit, and many other grassy and broadleaf weeds.

SKU	SIZE	PRICE

JONATHAN GREEN GREEN-UP WEED & FEED 21-0-3 LAWN FERTILIZER WITH WEED KILLER

Lawn fertilizer and weed killer in one. Controls dandelions and over 250 broadleaf weeds.

3-way action provides superior weed control. Slow release nitrogen fertilizer with polymer-coated technology. Feeds desirable grass longer while weeds gradually disappear from the lawn. Fine particle size for superior weed control feeding action. Greens the lawn in cooler temperatures. Do not apply during hot, dry weather when turf is under stress. Active ingredient: Dimethylamine Salt of 2, 4-D.

MAG-I-CAL 35%
CALCIUM LAWN
FERTILIZER**

Soil food featuring concentrated soluble calcium, humates, and an organic acid in a quick release formula.

Contains 35% of a highly-soluble form of calcium, which is readily available for plant uptake or pH adjustment. Low pH causes moss, bare spots and weeds to grow in the lawn. Reduces stress and improves soil texture to aid in water uptake. Releases trapped nutrients in the soil. Concentrated formula. Easy-to-spread pellets. Can be used throughout the whole yard and is ideal for vegetable gardens. Safe to use where children and pets play. Application rates vary according to soil pH levels.

SKU 705081

Rat and mouse poison containing Bromethalin. Bromethalin kills rodents with

resistance to warfarin-like anticoagulant rodenticides. Highly potent neurotoxin rodenticide that provides a lethal dose to rodents in a single feeding. Attacks the central nervous system. Effective on Norway rats, roof rats, and house mice. For use in attics, kitchens, basements, and garages. 4 pound resealable bag, approximately 86 blocks.

AGLICA CORKS

Developed for the wine industry to address corkiness, inconsistency, random oxidation, and leakage, these corks are made from Suberin, the purest part of the cork, that is blended with a proprietary polymer

which enhances the natural elasticity and sealing properties of the cork. The corks are symmetrical and totally natural in appearance. They are ideally suited for use with wines that are intended for enjoyment 12-18 months after bottling. Bottles can be put on their side immediately after corking.

15208	9 x 1¼ Aglica Wine Corks 100ct	ea	\$24.99

FIRST QUALITY CORKS

Our first quality corks are a high quality, agglomerated cork. These "agglo" corks are made from uniform shavings and unused

portions of cork, and are mixed with appropriate food grade glue to form a dense, well-made cork. The corks are chamfered and are printed with a decorative grape leave pattern. The 1000 count bags are purged with sulfur dioxide (SO2).
